HAND-CRAFTED CUSTOM BADGES

The Only Limitation Is Your Imagination

Personalizing Your Badge, Your Way

There are many different ways to personalize a badge. You can simply add a custom seal (if you order 25 badges the seal is free) or special lettering to one of our 1000's of standard badges, or work with our designers who will turn your idea into an artists rendering, which is transformed into a custom badge capturing every subtle detail of your design.

Your badge can incorporate a local landmark, state, city, or town symbols, a historic building, or department logo. Our designers and sales personnel will work with you to ensure your badge meets your budget and time line! If you need inspiration take a look at our custom badge gallery by scanning the above QR Code.

“One month wearing our new badge and we have received lots of compliments on the exquisite design and detail. Thank you to the team at Read's Uniform & Blackinton for helping a vision become reality.”
~ Chief David Hess

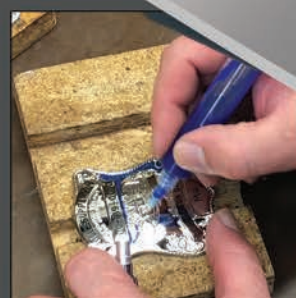

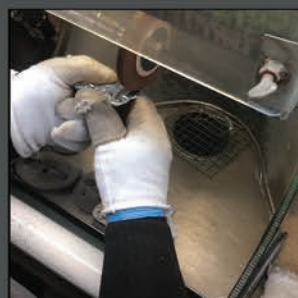

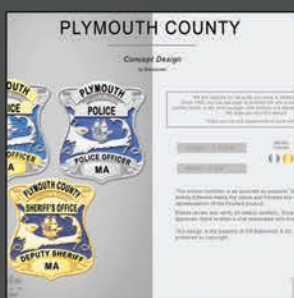

Think Beyond The Duty Badge

Fundraising, Anniversaries, and special events are just a few of the many occasions where departments turn to Blackinton® for help.

The **Plymouth Anniversary Badge**, was developed and sold to departments throughout the U.S. commemorating the Mayflower voyage and the founding of Plymouth County 400 years ago.

The **Blackinton® Breast Cancer Awareness** line was a first of its kind in the Public Safety sector, and has been very popular. Because departments came to us looking for additional ways to show support for causes we developed our unlimited coloring technology, which allows us to put unique designs on our metal badges; i.e., autism puzzle pieces.

This is a very economical way to customize your badge.

QUICKSHIPSM BADGES

AWARENESS BADGES

Transforming Your Metal Badge Into An Awareness Badge

For Causes As Close To Your Heart As Your Badge

Traditionally adding color to a metal badge was limited to finishing an entire surface, or adding color within the metal walls of a badge. Our Unlimited Coloring technology allows us to add unique designs to your metal public safety badge economically, without the need for a new die!

Why An Awareness Badge?

- » Support Causes
- » Honor Individuals
- » Cultural Celebrations
- » Memorial Bands
- » Affiliation with a group

- » Variety of sizes and styles
- » Add serving since bars or a seal
- » *Five day shipping for nine of our most popular name bars and name bar holders (Jbar series only)

“

Thank you and your staff for the tour, it really was enjoyable to see how much work and how detailed the process really is to produce a badge. We sometimes take for granted the way America was built and where it is today, but it is evident in your operation by the many employees that we spoke to that you have a great company and many great employees. Despite the many new machines and improvements it is also very encouraging to see the hands on applications that you employ and are still so critical to end product.

~ Chief Edward O'Brien

A7922

Choose any selection of standard enamel colors to help personalize your award

Choose an award (3/8" or 5/16" height) so you can take advantage of using our Commendation bar slide holders.

Bars slide in and stay aligned and neat

Only 2 clutch backs (2 holes), yet it holds 3 commendation bars!

Front SB5-B
(holds 5 bars)

Back SB5-B
(Only 3 nails)

"I just received my Emergency Response Team badge from Blackinton. This is the 4th badge I have purchased from Blackinton in the last 20 years. It, like the others, is a thing of beauty. The craftsmanship and quality are fantastic, and my only regret is that it goes in my wallet and not on my shirt."

~ Jim Shaw
Emergency Response Volunteer, GA

We have been in business since 1914 and have always used Blackinton for our badge needs. First and most importantly the sales staff.. timely and professional. Secondly is customer service, they have always been the friendliest of any vendor I have worked with. And finally the quality of the products has always been impeccable, I have never had to return an item sold to one of my customers...

~ William Plumb
Owner, Yearwoods, Inc.

Blackinton® **FLEXBADGE** EMBLEMS

Over 150 Standard FlexBadge® Styles

“

I have two 511 shirts with Blackinton FlexBadges that have been heat pressed onto the shirts. One shirt I have been washing and drying for approximately 1 year, and the other has been to the dry cleaners several times. Both FlexBadges are still on the shirts, and look as good as the day they were placed on my shirts! Now I am looking to get my entire department wearing FlexBadge®...

STANDARD IN QUALITY

Badges & Insignia Since 1852

Blackinton® is a privately held company, and is the largest manufacturer of badges and uniform insignia in the United States. The company combines old world craftsmanship with cutting-edge manufacturing technologies to produce the industry's finest quality products.

Since 1852, our proud American-made brand has been inspired by expert craftsmanship and insight gained serving the nation's leading Law Enforcement, Security, Military, Federal, and Fire Safety departments at the local, municipal, state, and county levels. We are also doing our part to protect the community. Our on-site waste water treatment plant allows us to recycle 100% of our waste water, and our 498.96 KW solar field, sitting on 2.1 acres, reduces our electricity consumption from the grid by 50%!

We are nationally accessible through our dealer network, visit our dealer locator on our website to find a dealer in your area, www.blackinton.com.

Key Differentiators
