

Simply fill out the highlighted areas
and submit the order to your local authorized Blackinton dealer
along with your badge, or order a badge separately!

V.H. Blackinton does not accept orders directly!

Your order must be processed through an authorized Blackinton Distributor!

Blackinton guarantees the quality of your Lucite when using a Blackinton badge.

We will not embed a Non-Blackinton Badge as we can not guarantee the quality of the Lucite.

Lucite will ship four weeks from receipt of a purchase order when the badge is provided.

Cost includes any light refinishing and prep required to embed the badge in Lucite.

If the badge has been ordered separately, delivery is seven to eight weeks.

**Your Lucite comes with a colored background (added charge), rubber cabachons on its base for protection,
and the option of a personalized engraved plate that fits up to three lines of text!**

Please note, slight variations and imperfections may occur on any Lucite embedment. These can result from chemical reactions, numerous hand finishing steps, and other complexities involved in creating your one-of-a-kind memento.

Fill in your contact information and specify which Lucite you are ordering:

(Print clearly and place an 'X' in the box of the option you are purchasing)
